

Peel-Away[®]

INTRODUCER SHEATH SET

Curved Introducer

CONVENIENT REMOVAL

Dual knobs allow the sheath to be easily peeled away after insertion is completed.

TRUSTED DESIGN

Cook Medical invented peel-away sheath technology that has now become the industry standard.

COMPLETE SETS

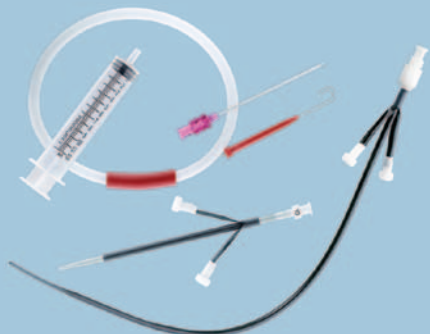

Both curved and straight sets are available. In addition to introducer sheath, each set includes radiopaque dilator (with special van Andel taper on curved sets); .038 inch, double-ended stainless steel wire guide; 18 gage access needle; and 12 mL syringe.

Pass pacemaker leads or catheters smoothly into the venous system.

Peel-Away®

INTRODUCER SHEATH SET

The curved Peel-Away® Sheath Introducer Set allows pacemaker leads or catheters to be delivered to a desired location distal to the superior vena cava/innominate juncture. The 44 cm set is especially useful for coronary sinus leads, and the other curved sets are especially useful for reinsertions.

Supplied sterile in peel-open packages. Intended for one-time use.

Global Product Number	Order Number	Sheath ID Fr	Length cm
Curved Introducer Set			
G31000	PLVN-7.0-38-24-VAD5-CVI	7.0	24
